T: +61 3 8344 6951 (Bookings)

Bookings and Information: <https://research.unimelb.edu.au/learnetwork/news-and-events/talking-spaces-9-the-decade-ahead>

Talking Spaces 9: The Decade Ahead coincides with the ten-year anniversary of the Learning Environments Applied Research Network (LEaRN) being established.

Over two days we will reflect on developments in learning environments over the past ten years, with a view to informing our thinking about the coming decade and what further developments that may bring. To provoke conversation we will hear from inspiring keynote speakers and invited guests who will share their reflections and thoughts about the future in learning environments research, design and occupation. We will visit some of Melbourne's newest schools and participate in collaborative workshops to seed future initiatives.

The event will be held in the multi-award-winning Glyn Davis Building (formally Melbourne School of Design Building). Hands-on workshops will be held across a range of space types.

THE UNIVERSITY OF
