

Successful recipients of Bonn Joint PhD Scheme

2025

UoM CI	Faculty	BONN CI	Project Title
Prof Adam Vogel	MDHS	Dr Jennifer Faber	Speech biomarkers and remote Therapy in Ataxia: An AI-enabled digital health approach.
A/Prof Elizabeth Hinde	SCIENCE	Prof Ulrike Endesfelder	Exploring Archaeal Biology Through Autofluorescence and Fluorescence Lifetime Imaging Microscopy.

2024

UoM CI	Faculty	BONN CI	Project Title
A/Prof Adrian Achuthan	MDHS	Prof Jaroslaw Maciacyk	Elucidating the role of TGFβ in suppression of immune cell function in glioblastoma.
Prof Ying Khai Liew	MLS	Prof Birke Häcker	rusts Across the Asia-Pacific Civil Law/Common Law Divide: Challenges and Opportunities.
Prof Scott Mueller	MDHS	Prof Veronika Lukacs-Kornek	Investigate how cancer-stromal cell crosstalk drives lymph node metastasis and cancer progression.

2023

UoM CI	Faculty	BONN CI	Project Title
A/Prof Raymond Ching-Bong Wong	MDHS	Prof Voker Busskamp	Study of epigenetics and transcriptomic modifiers for retinal aging.
Dr Dominic Dwyer	MDHS	Prof Dr Dr Eva-Christina Schulte	Identification of biomarkers for severe mental illness using artificial intelligence approaches.
Prof Andrew Western	FEIT	Prof Julian Klaus	Catchment travel time-based water quality modelling.

2022

UoM CI	Faculty	BONN CI	Project Title
--------	---------	---------	---------------

A/Prof Phillip Urquijo	SCI	Prof Florian Bernlochner	Searches for feebly interacting particles at the intensity frontier.
Dr Lieve Donnellan	ARTS	Prof Martin Bentz	Ceramic production and circulation in Medma (Plain of Gioia Tauro, Calabria IT): economic perspectives on urban transformation and cultural interaction.
