Living Art Village is a two-day showcase of art and environmental materials from Dookie in North-Central Victoria taking place at the Victorian College of the Arts (VCA) in Southbank. Organised by members of the Dookie Arts Group in collaboration with the Centre of Visual Art (CoVA) at the University of Melbourne, this exhibition follows on from and celebrates the achievements of Dookie Earthed, an immersive creative and environmental event held in Dookie in 2014.

The organisers of Living Art Village recognise the Traditional Owners of the lands on which we live and work and pay respects to Elders past, present and yet to come. We particularly recognise the Yorta Yorta People on whose lands the Dookie Campus is located and the Wurundjeri People of the Eastern Kulin Nation on whose lands the exhibition is taking place. In making this exhibition possible, we are immensely grateful for the support of Melbourne Climate Futures, Lord Mayor's Charitable Foundation, and the Centre of Visual Art.
